U.S. Trustee Basic Monthly Operating Report

Variance from Forecast

August 2012

Actual monthly net loss was (\$847,832) as compared to the forecasted net loss of (\$307,327) resulting in a variance of (\$540,505). The actual expenses for the month were less than forecasted and the variance is attributable to the shortfall in revenue. The shortfall in revenue is due to a lesser than forecast average daily census. The lower census was in part attributed to the unavailability of staff lost since bankruptcy preventing the opening of additional Medical / Surgical beds.
